

OTS MOUNT - \$7,000

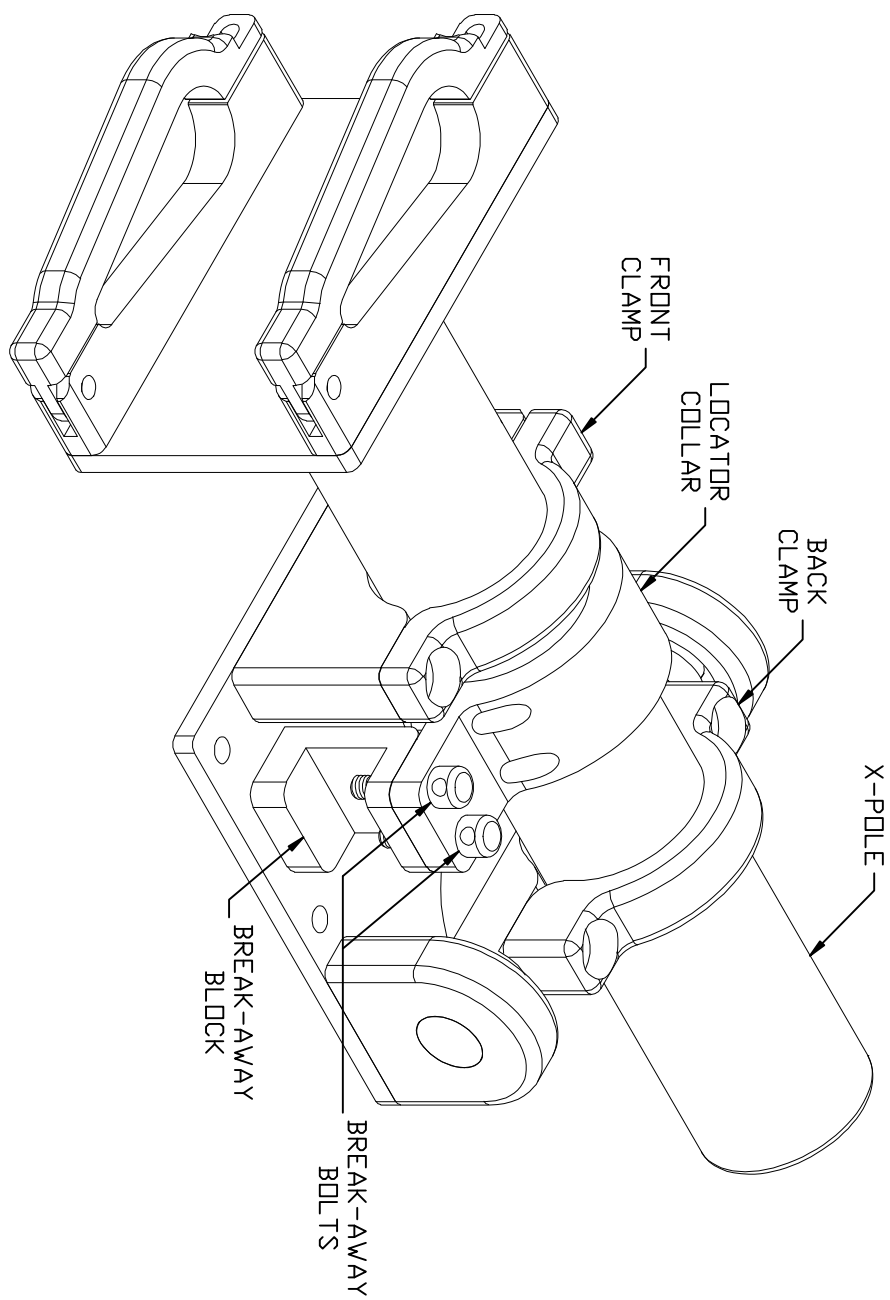

Our OTS-Mount design is the culmination of years of research and assistance from many industry professionals. From our new integrated break-a-way to the standard hinged base, we have strived to give our customers the best mount on the market. We can attach any flange to the end of the hydrodynamic shaped mast at no extra charge.

STANDARD FEATURES

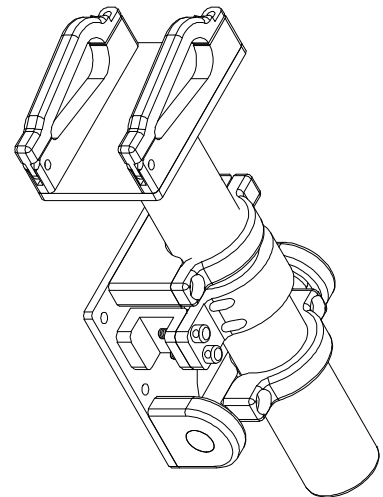

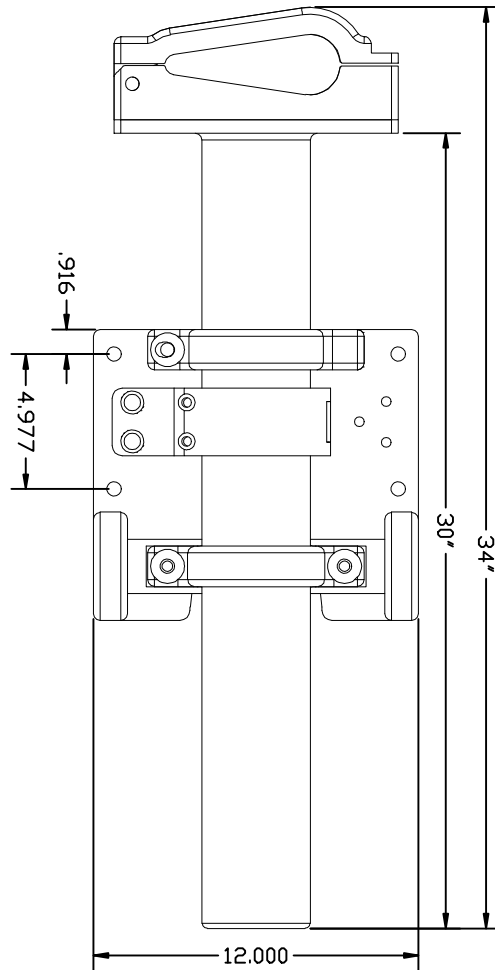

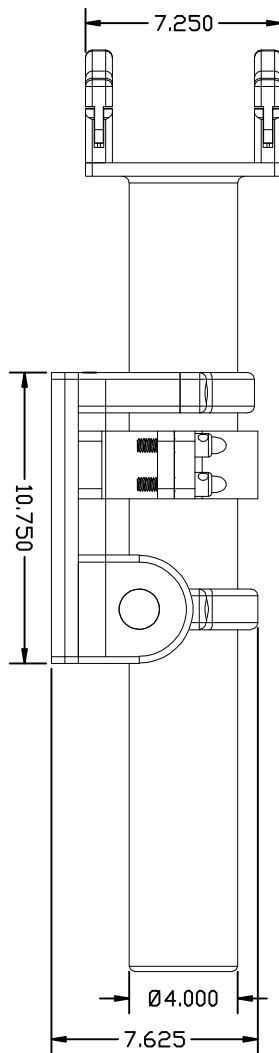

- Integrated break-a-way
- Hinged base
- Flanged hydrodynamic mast up to 12' long
- Constructed of 316 S.S. & 6061-T6 Aluminum
- Type 3 hard black anodizing

OPTIONS

- Hinged GPS antenna
- Lidar mount
- Lower mast brace
